

# ER PATIENT

1 revised!

~~CONFIDENTIAL (S)~~

## ER PATIENT

INT. HOSPITAL - EMERGENCY ROOM - NIGHT

The place is busy --

CLOSE ON -- A FEMALE DOCTOR (30), (South Asian accent).

FEMALE DOCTOR

...Normally, I would prescribe migraine medication, but with the frequency of your headaches... and the fact that they tend to occur at the same time of day --

start

FEMALE DOCTOR

(words garbled)

-- I am going to recommend -- a 13% chance -- to rule out --

WIDEN TO REVEAL

An E.R. PATIENT (male, 30s) --

E.R. PATIENT

-- Rule out what? What's wrong with me!?

E.R. PATIENT

Hey, I need some help here --

E.R. NURSE

-- I'll be with you in a minute.

She continues moving briskly.

E.R. PATIENT

Wait, I need some help!

end

1/1
